"A BIRD in the hand is worth two in the bush,"
that's true. The dollar saved and in your pocket
is worth two earned. More truth. But here's some
more that's true. The dollar safely deposited in the bank
is worth two jingling in your pocket. Why? Because it
is safe. You are not so liable to spend or lose it. Also it
is an incentive toward further accumulation. It is safe
from the hold-up man, can't find the hole in your pocket,
is where every earned dollar ought to be, subject to your
check.

One dollar will start an account.

the nucleus about which was built
the chorus which recently gave such a
notable rendition of Willard Patten's
oratorio, "Isaiah," and those who were
present on that occasion and under-
stand the excellent standard to which
high school music has advanced in
this city, will look forward to the com-

WOMAN HELD FOR ASSAULT.

Two Sisters Principals in Justice Court
Cases This Week.

Two women sisters were the principal
figures in an action for assault
and battery which was started yester-
day in the court of Justice Jackola
and which has been continued until Mon-
day.

Mrs. Mary Clemens, the plaintiff,
who asserted her home is in Oregon
and that she is here as the guest of
friends and relatives for a brief vaca-
tion, appeared before the court with
two discolored eyes and other relics
which she claims she secured in a
demonstration of sisterly love by Mrs.
Katie Butala. She informed the court
that her sister took advantage of her
visit here to invite her to the Butala
home to get some articles of wearing
apparel she had left there. It was
during their intercourse on this occa-
sion that the demonstration of affec-
tion which has its sequel in the jus-
tice court, occurred.

Mrs. Butala offers self-defense as her
plea and to support this contention,
has caused a warrant to be issued from
the court of Justice Armit of Laurium,
charging Mrs. Clemens with assault. It
begins to look as if the court officers
have a real mystery to untangle.

BANQUET PLAN ABANDONED.

High School Alumni Decides to Give
Reception This Year.

More than seventy members of the
Calumet High School Alumni associa-
tion attended the meeting held in the
high school building last evening at
which plans were considered for the
annual entertainment in honor of the
graduating class of 1914. The plan to
substitute a reunion of alumni mem-
bers and high school graduates at an
informal banquet, for the customary
reception failed last evening, the vote
on this question being 29 to 25.
President George Fuller was author-
ized to select committees to direct
final arrangements for the reception
which will be held in the Light Guard
armory during the week beginning
June 21. These committees will in-
clude the association officers and four
or five other active members. An ef-
fort will be made to make the recep-
tion the most enjoyable in recent
years.

MEET HERE SOON TO FORM NEW BASEBALL CIRCUIT

INDEPENDENT BASEBALL TO BE
PROVIDED BY SIX STRONG
TEAMS.

Copper Country baseball fans are
making preparations for the launching
of a new six-team league, composed of
strong teams representing the Calu-
met Engineers, Torch Lake, Portage
Lake, Laurium, Red Jacket and Mo-
hawk, to play independent ball during
the coming summer. It is probable a
meeting will be held in Calumet soon
when the project will be discussed at
greater length.

The league games will be played in
the Laurium Driving park, the Han-
cock park and at Torch Lake, probably
alternating between the Lake Linden
and Hubbell grounds. Some games also
be played at Mohawk.

Sunday School League.
As a result of a meeting held re-
cently in the Calumet Y. M. C. A., it is
probable a strong Sunday school league
will be formed shortly, composed
of ten teams. These organizations will
be the Lake Linden Methodist school,
Tamarack Mills school, Laurium Meth-
odist, Calumet Methodist, Calumet
Presbyterians, Baptists-Congregation-
alists from the northern district, the
Young Men's Progressive class of
Quincy, the Painesdale M. E. school,
the Hancock S. P. I. class and the
Hancock Congregationalists. A sched-
ule will be prepared which will pro-
vide for the first games during the first
week of June.

Twilight League.
Plans are also being considered for
the organization of a league to play
twilight ball during the coming sum-
mer. Among the teams which will be
represented will be the McCabe class
of the Laurium M. E. Sunday school,
the Y. M. C. A., the Calumet Printers
and possibly two or three shop teams
from the C. & H. It is believed such
league will prove very successful.

LOCAL BREVITIES.

John Coppo has gone to Ralph, Dick-
inson county, where he will spend a
short time.

Mrs. M. D. Salms has arrived in Calu-
met from her home in Paris, France,
to visit with friends and relatives in
Calumet.

George Hopkins and John Mac-
Naughton have gone to the White Pine
district in Ontonagon county, where
they will spend a week fishing.

The funeral of the late Mrs. Charles
O. Hansen will be held Friday after-
noon with services in the Swedish
Lutheran church and interment in Lake
View.

H. A. Gish of Grand Rapids is a vis-
itor among friends in Calumet.

C. T. Dunham of Grand Rapids is a
business visitor here.

William Shook and Richard Keast
have arrived home from the Soo, where
they attended the grand encampment
of the Odd Fellows.

A. E. Hathaway of St. Paul, district
passenger agent for the Great North-
ern, is in Calumet in connection with
pictures, "Scenes in the Rockies and
the Glacier National Park," which will
be shown in local theaters.

The Helpers Legion of the Salva-
tion Army will conduct a cake sale in
the ice cream parlors of the Perry
Store on Fifth street Saturday after-
noon.

BODY FOUND IN WOODS.

Remains of Alfred Robarge, Teamster,
Found Near Phoenix.

While walking in the woods a short
distance from the Phoenix Peterman
store yesterday, George Stanfell stub-
bled across the badly decomposed body
of a man, which later proved to be the
remains of Alfred Robarge, aged about
45, a teamster, who had been missing
for two or three weeks. Acting Cor-
oner Blight conducted an inquest, fol-
lowing which the remains were in-
terred in the Eagle River cemetery.

In the opinion of Dr. Chatel, who ex-
amined the body, death was caused by
heart trouble and exposure and the
coroner's inquest returned a verdict to
that effect. The decedent was a single-
man and so far as can be learned is
survived by no relatives in the copper
country.

VETERANS WILL ATTEND CHURCH

Memorial Sunday Services at Cal-
umet M. E. Church

Veterans of the civil war, the Span-
ish-American war and of the Calumet
Light Guard, together with the Calu-
met Engineers will attend divine serv-
ices in the Calumet M. E. church Sun-
day, Memorial Sunday, Rev. C. L. Ad-
ams, pastor of the church will deliver
a special sermon and there will be an
appropriate musical program. The vet-
erans and Engineers will meet in the
Light Guard armory Sunday morning
at 9:30 o'clock and will march to the
church in a body.

Memorial Sunday will also be ob-
served in other Calumet churches. A
patriotic song service has been an-
nounced for the Calumet Congrega-
tional church Sunday evening, begin-
ning at 8 o'clock. It has been arranged
to display the words of the various
patriotic songs and hymns on the large
stereopticon screen so that they may
be plainly seen. The choir of the
church will lead in the singing and all
residents of Calumet are invited to be
present.

The program for the exercises to be
conducted in Calumet on Memorial day
has not been announced but will be
shortly. The committee in charge of
the arrangements for the day likely
will meet this week. Because of the
fact the Memorial day exercises will be
held in Calumet this year, on the lawn
at the rear of the Light Guard ar-
mory, instead of at the cemetery, greater
interest is manifested by Calu-
met residents. The school children and
members of the various troops of Boy
Scouts will appear in the parade. Don-
ations of flowers by the school chil-
dren and others, intended for the de-
coration of the graves in Lake View
cemetery will be sent to the armory as
usual and the actual decoration of the
graves will be in charge of firing
squad of the Engineers.

PLAN LIFE SAVING CLUB.

Plans are being considered by Phys-
ical Director John Johnstone of the
Calumet Y. M. C. A., for the organiza-
tion in the near future of a Life Sav-
ing club. Efforts will be made to in-
terest a dozen or more good swimmers
in this organization and regular prac-
tice in swimming and life saving will
be indulged in during the summer.
Inasmuch as Calumet has a great
number of first class swimmers, it is
likely the organization will become a
strong one.
